

Benefits of Outsourcing Payroll using JEM Payroll Solutions!

With our 25 years of payroll experience we have found that business owners outsource payroll most often for these important reasons:

- **REDUCE COSTS**
The direct costs of processing payroll using JEM Payroll Solutions can be greatly reduced by working with a payroll provider.
- **FREE UP VALUABLE TIME**
Payroll processing by hand is an incredibly time-consuming process. Outsourcing payroll can free up valuable time to pursue more important revenue-generating activities.
- **AVOID PENALTIES WITH THE IRS**
Did you know that according to the IRS, **40 percent of small businesses pay an average penalty of \$845 per year for late or incorrect filings and payments.** Most national payroll services provide a tax guarantee, ensuring that customers will incur no penalties because the providers take responsibility for penalties when they do occur. In many instances, this cost-saving immediately justifies outsourcing payroll by using JEM's services.
- **MAKE LIFE EASIER**
Providing direct deposit is difficult if a company doesn't use an outside payroll service. Direct deposit eliminates time-consuming and error-prone paper handling and the need to reconcile individual payroll checks every month.
- **CONFIDENTIALITY**
Maintaining confidentiality is very important to small businesses for varied reasons, let JEM take away the stress by getting the payroll processing out of your office.
- **LOCAL BUSINESS**
No 1-800 number! Our team at JEM is located right here in Wisconsin where we are here whenever when you need us!
- **CUSTOMIZATION**
As a local company that doesn't process our payroll in a warehouse, we can customize anything and everything to fit your businesses specific needs.
- **AVOID HEADACHES**
Are you constantly wondering whether they have the latest version of their payroll software and the most recent tax tables installed on your computer? Using the wrong tax tables can result in stiff penalties. Outsourcing to JEM removes those headaches and keeps payroll running smoothly.
- **TAKE ADVANTAGE OF OUTSIDE PAYROLL EXPERTISE**
Most business owners and controllers don't have time to keep up with constantly changing regulations, withholding rates, and government forms. By outsourcing payroll to JEM, your business can take advantage of expertise that was previously available only to big companies.
